

# Swimming Pool Rules

Our pool management company, MPM, has provided us an updated set of rules for the 2019 pool season. Please note that these rules are in addition to the rules posted at the pool entry. Lifeguards and pool management staff always have the authority to enforce safety at the pool – even if it is not directly listed in the posted or listed rules below. **MPM has the full authority - granted by the HOA Board of Directors - to enforce all pool rules including requesting removal of homeowners and their guests from the pool area.**

- All residents must use their assigned key card to access the pool. Staff is not permitted to allow entry to anyone who doesn't have a key card to open the pool gate
- Residents are permitted to bring guests, but guests must enter the pool area with the resident and may be required to sign in. The resident must be present at all times when guests are in the pool area and assume responsibility for all guests. A maximum of six guests are permitted for each group of homeowners at the pool.

- Clubhouse rental does not include use of the pool for the renting homeowner or their guests. Pool guest policies still apply.

- No running on the pool deck
- No glass of any kind in the pool area
- No food or drinks are permitted in the pool
- No horseplay is permitted in the pool, on the deck or in the bathrooms

- No high-powered squirt guns
- Squirt toys are only allowed in the pool – not on the deck – unless approved by a lifeguard
- No dunking
- No unauthorized persons allowed in the pool office or chemical room
- No unauthorized persons allowed in the guard stands
- Only soft water balls and toys allowed in the pool. No tennis, footballs or torpedoes are to be thrown anywhere in the pool area
- No inappropriate or abusive language
- No flotation devices may be used on the diving board. No flotation devices – including noodles – are permitted in the deep end of the pool
- Large rafts are only allowed with lifeguard approval
- No riding on shoulders in the pool
- No swimmers are permitted to use the starting blocks unless supervised by a coach or instructor as part of swimming training
- Only one bounce is permitted from the diving board. No running off the diving board; only use a three-step approach. You must wait until the area in front of the diving board is clear.
- When using the diving board, you must dive straight from the end only and then swim to the side. No swimming around or under the diving board.
- Parents are discouraged from trying to catch children jumping from the diving board
- Only one person on a ladder at a time, including on the stairs
- No hanging from the lane lines – except in emergencies. Swim under, not over, ropes and lane lines.
